Dear registered Interested and Affected Party (I&APs),

Kindly note that the scope of works for the proposed upgrade of the Leachville Extension 2 sewer pump station located at Leachville Township has changed.

We herewith provide registered I&APs with a notification letter in this regard including a revised Background Information Document (BID) detailing the revised scope of works.

The legislative requirements for the project remain the same i.e.

- Environmental Authorisation required from GDARD
- Water Use License required from DWS.

Registered I&APs have the opportunity to review the revised BID and submit any additional comments they may have on the project on or before 11 April 2023.

Please refer to the attached letter and BID for further details.

Regards,

Ms Marissa Botha
